9) The facts of the case so far as they are relevant to the point now for discussion, are stated in my note of 27th January 1931 (Flag H in G.M. File 29-30) to which kind reference is invited.

10) It appears to be clear that the Race Club can have no claim for damages against Government; for, there ~~is~~ has been no action of Government in the matter of diversion of the Race Course Road which can be said to have caused the alleged loss to the Race Club. The Secretary of the Race Club himself, appears to admit this, in para 1 of his letter dated 8th December, when he speaks of the loss incurred by his club "as being the result of the action ~~taken~~ taken by the Municipal Council in cancelling the permission once given for the diversion of the Race Course Road". Moreover the road in question being the property vested in the Municipal Council under Section 50 Clause (3) of the Municipal Regulation, it is only the Municipality that has the power under Section 90 to divert it and to dispose of the land thus made available. Government can at best be said to have been a medium for bringing about the contractual relationship between the Race Club and the Municipality.

possibility of the Municipality being held bound to a valid promise is discussed. As stated therein it is possible to treat the Municipal Council's resolution of 22nd April 1930 as valid acceptance of offer. The further question, however, is whether this agreement is one enforceable by law, in which case only there will be a contract for the breach of which there may arise a claim for damages. The agreement in this case relates to a [illegible] moveable property and perhaps involves an expenditure exceeding Rs.500. In either case Section 40 read with Section 186 N & O requires the contract to be in writing duly sealed and executed in the manner prescribed therein. In the absence of these formalities being complied with, Clause (7) of Section 40 and clause (5) of 186 (O) make the contract not binding on the Municipal Council. The Regulation does not contemplate a party treating the Resolution of the Municipality as if it were a contract enforceable against the Municipality. ~~In Section~~ In 27 Allahabad 592, it has been held that no suit can be maintained against a Municipality in respect of a contract not duly executed according to law, notwithstanding that ~~is~~ there is part performance of ~~the~~ a contract and the plaintiff is claiming [redacted] for value of work done and of materials [redacted] This principle has been followed [redacted] and Calcutta (Vide 29 Madras, 36[redacted] Calcutta 1010 and 50 Calcutta 180).

for the Race Club to successfully claim damages against the Municipality on the basis of the resolution of 22nd April 1930. This, however, appears to be a matter purely between the Municipality and the Race Club with which, it is submitted, Government need not have much concern.

The Chief Secretary,
to the Government of Mysore,
Public Offices, BANGALORE.

Sir,

I am desired by my Committee to refer you again to the question of the loss incurred by this Club as a result of the action taken by the Municipal Council in cancelling the permission once given for the diversion of the Race Course Road, on which a considerable amount of work had already been done.

It will perhaps be well to recapitulate very briefly the course of the proceedings in this matter since the receipt of the resolution of the Municipal Council.

In the first instance, Lt.Col.C.Newton-Davis wrote to you on the 24th January last, and subsequently called on you and discussed the matter in all its bearings. Thereafter an endeavour was made to arrive at a composition with the members of the Municipal Council, who sent a delegation to meet a delegation of the members of the Race Club Committee. The proceedings of these bodies offered every hope of a satisfactory compromise, but when the matter came before the full Council again, that body only reaffirmed its previous resolution. Thereupon, on the 7th July last, the Assistant Secretary wrote to you that " owing to the cancellation of the diversion of Race Course Road after it had been agreed to by the Mysore Government, the Race Club has been put to very

considerable expense. My Committee trust that the Mysore Government will see their way to reimburse them for this expenditure".

An account of the amount of this expenditure has now been drawn up as follows:-

The resulting position as regards the whole transaction is a regrettable one. My Committee feel that in this matter their position is that of trustees, both for the Government, who have been graciously pleased to allow them the use of the land for the Race Course without charge, and for the racing public, from whose entrance moneys and other contributions the income of the Race Club is made up. As such trustees they have incurred in good faith an expenditure of nearly Rs.9000/- from which, largely through circumstances over which the Committee have no control, the racing public will derive no benefit. The Committee have sought anxiously for a way of limiting this loss to the racing public without presenting a claim for a cash payment to the Government, but regret that they have been unable to find a satisfactory solution.

I am in these circumstances desired to ask that the Government will be pleased to consider the question of reimbursing them for the loss that has resulted from the stoppage of the work.

It is not perhaps worthwhile now to inquire whether the delay was solely due to Mr.Hayavadana Rao himself or was partly the result of the failure of the Press to print the matter quickly. Mr.Hayavadana Rao's request to fix his remuneration (for the additional work of abridging the volumes) at Rs.1000 (Rs.One thousand) may be granted.

16) The other claim with regard to establishment charges for the period 1st December 1928 to 31st August 1930 is not based on any previous understanding. The idea was to give him a lumpsum for establishment charges, irrespective of the period for which the establishment was kept. If in fact Mr. Hayavadana Rao continued the staff beyond the period when the work was to have been completed, it was his own fault. The claim now put forward by Mr. Hayavadana Rao for a portion of his establishment charges is untenable and may be disallowed.

S I R,

With reference to the revision of the "Mysore Gazetteer" entrusted to me, which work has now been completed, I have the honour to state that there are two minor matters requiring disposal. One of these refers to the remuneration due to the staff for work done since 1st December 1928, up to which date remuneration has been paid to them and the other is the question of payment of the balance of remuneration due to me for the work done by me personally. As to the first of these, Government sanctioned a lumpsum of Rs.500/-(Vide their Order No.G.14849-50/G.M.21-26-134)for disbursement to the staff up to end of November 1928. This was the last payment made and no payment of any kind has been made in this behalf since then. There was continuous work to do throughout the subsequent period of 21 months, from 1st December 1928 to 31st July 1930, when the work in connection with Gazetteer ended. During the whole of this period, proofs had to be continuously passed to the Press, and Indices had to be prepared for Volumes II, IV & V. This work necessitated the maintaining of a staff of one Steno-Typist, 2 Assistants and one Peon on a total salary of Rs.108/-per mensem up to the end of 1929; and at Rs.58/-per mensem from 1st January 1930 to 31st July 1930, when the work was over. The amount actually disbursed aggregates Rs.1868/-of which I request a moiety at least may be sanctioned. I make this request because the work mentioned was actually done by the staff referred to; such work could not have been avoided under any circumstances; and its cost has actually been met by me from my private funds. Though Government did not sanction any additional

Adverting to G.O.NO.G.6256-81/G.M. 21-26-80 dated 3rd December 1927 issuing certain instructions for revising the MSS. prepared for the "Mysore Gazetteer", I have the honour to state that the revision was duly carried out and the revised MSS. were sent to the Press and are being printed off for some months now. In D.O.NO.G.4307/G.M. 21-26-7, dated 25th October 1927, the additional remuneration of - - Rs.500/-was proposed to be paid to me for this extra work. At a personel interview held on 11th November 1927, (Vide my D.O.NO.1707 dated 16th November 1927), I suggested that having regard to the Volume of work involved in the proposed revision, the additional remuneration should be fixed at Rs.1,000/-. Government in passing final orders in the matter stated that"the question of giving Mr. Hayavadana Rao an honorarium for this additional work will be considered after the revision has been completed." (Vide G.O.No.6256-8/G.M. 21-26-80 dated 3rd December 1928, Para 5). In view of the fact that this additional work had been completed in its entirety, there being no work on hand with me, for some time now, except passing the proofs received from the Press, I request that the amount of Rs.1000/-may kindly be sanctioned by Government for this work and the same made available to me at an early date. I may add that I have drawn no money from Government, though Rs.500/-is still at my credit from the original sanctioned - - amount of Rs.500/-for the work under G.O. No.3403-62/Edn. 231-13-8 dated 30th January 1924. The last payment of Rs.500/-from the latter amount was made on 11th July 1927 and as mentioned Rs.500/-is still payable to me under this head.

Dear Mr. Madhava Rao,

G.M. Early 12/9/30

Re. Mysore Gazetteer Revision.

With reference to personal interview of to-day, just a line to state that the Government have paid the staff remuneration up to the 30th November 1928. Remuneration is due as and from 1st December 1928 to 31st August 1930. Between 1st December 1928 to 31st December 1929, i.e. 13 months, the monthly remuneration disbursed aggregated Rs.108 (on the footing of the previous sanctioned scale) and from 1st January 1930 to 31st August 1930, i.e. 8 months, the remuneration was at the reduced rate of Rs.58/-. At the rates mentioned, the total amount expended on the staff from 1st December 1928 to 31st August 1930 totals Rs.1868/- (Rs.1404/- plus Rs.464/-). Of this sum, Government is requested to meet only one moiety i.e. Rs.934/-.

2. As to the item of Rs.1000/- claimed for myself for additional work done as per orders of Government, I request a reference to my letter No.G.152 dated 6th April 1929 and General Secretary's D.O.No.1707 dated 16th November 1927 and subsequent correspondence. There is a small amount of proof work yet going on, but no remuneration of any kind, either for my staff or myself, will be claimed. Hence the whole work has been treated as finally closed as on 31st August 1930.

With ample apologies

Yours Sincerely,

C. Madhava Rao
